INDEX OF CONTENTS

ORAL PRESENTATIONS

Projects and Trends

Erasmus project VIRSTEM interactive tools for education **3**
Edgaras Timinskas, Daiva Makuteniene, & Olga Ovtšarenko

An analysis of student teachers' e-readiness for digital education environment in COVID-19 times **8**
Paseka Patric Mollo

Evaluating stakeholder designed interdisciplinary and intersectoral doctoral modules **13**
Tara Cusack, Jack Quinn, Ioanna Chouvarda, & Nicola Mountford

Education for sustainable development: A common good for both now and the future **17**
Erika Quendler, Matthew James Lamb, & Noureddin Driouech

Understanding students' experiences after incorporating indigenous perspectives in a postgraduate science communication **20**
Vanessa Crump, & Yvonne C. Davila

COVID-19: Leading in challenging circumstances – challenges for school leaders **25**
Pierre du Plessis, Raj Mestry, & Johan Wiehahn

On the importance of telecollaboration for the development of students' intercultural communicative competence **29**
Loreta Chodzkienė, Yaneth Eugenia Villarroel Ojeda, Felipe Martinez Corona, & Vita Kalnberzina

Accelerated virtualization of higher education in times of pandemic: The case of an Ecuadorian university **34**
Adriana Ornellas, & Miguel Herrera Pavo

Implementing psychosocial support for children affected by the Beirut blast: Providing a safe place in the middle of crisis **39**
Steffi Schenzle

Managers' strategies for inclusive implementation in technical vocational and training colleges in South Africa **44**
Nosiphiwo Ethel Delubom, & Newlin Marongwe

Building academic integrity through online assessment apps **49**
Elize du Plessis, & Gert van der Westhuizen

Exploration of pre-service English first additional language students' technological readiness to teach during teaching practice **54**
Grasia Chisango, & Newlin Marongwe

Perception of online machine translators by non-native students of English philology and future teachers of English **58**
Silvia Pokrivcakova

Assessing children at risk in UAE: Pilot use of the MBC Arabic version in primary school settings 63
Maria Efstratopoulou, Omniah AlQahtani, & Abeer Arafa Eldib

A hybrid international co-teaching model: Case study for biomedical engineering degree 68
Begonya Garcia-Zapirain, Amaia Méndez-Zorrilla, & Ana Belen Lago-Vilariño

Students' experiences on distance learning during the pandemic 73
Matias Nevaranta, Katja Lempinen, & Erkki Kaila

The challenges of teaching methodologies, post-COVID; hybrid vs. Hi-flex models 78
Lynann Butler

Facilitation techniques and tools for online project-based learning with primary school students 82
Naska Goagoses, Erkki Rötkönen, Heike Winschiers-Theophilus, Tariq Zaman, Helvi Itenge, & Daniel Yong Wen Tan

The legal background and acceptance of learning communities based on international comparison 87
Judit Langer-Buchwald, & Zsolt Langer

IRDI - Methodology: An educational program for children mental health promotion in nurseries 91
Maria Cristina Kupfer, Leda Marisa Fischer Bernardino, & Oneli Gonçalves

A case of an assessment module in distance education at the University of Pretoria 96
Maryke Mihai

Supporting academic engagement through immersive technologies 101
Calkin Suero Montero, Naska Goagoses, Heike Winschiers-Theophilus, Nicolas Pope, Tomi Suovuo, Erkki Rötkönen, & Erkki Sutinen

Evaluation of continuous student feedback on a large computer science course 106
Erkki Kaila, & Erno Lokkila

Identifying the Ph.D. students' needs for career enhancement skills 111
Alexandra Kosvyra, Dimitrios Filos, Tara Cusack, & Ioanna Chouvarda

Digital capital and safety in socialization process. An Italian case study 116
Ida Cortoni

Creps and the Streber-app an interactive method for competence-oriented assessment and its digital implementation 121
Grischa Schmiedl, & Birgit Schmiedl

Teaching with tiny articles as an approach to stimulate trustful and cooperative learning 126
André Seyfarth, & Miriam Hilgner

Interdisciplinary perspectives on an integrated approach to embedding wellbeing in higher education 129
Ciara Duignan, Deirdre Byrne, Jessica Surdey, & Denise McGrath

Collaborative online learning – a culture approach between Denmark and Greenland 134
Katrine Løth, & Mette Nyrup Stilling

Supporting student success in higher education: What do students need? **137**
Gráinne Bannigan, Lucy Bryan, Alexandra Burgess, Lara Gillespie, Sinead Wylde, Ciara Duignan, & Denise McGrath

Sustainable computer architectures: Use of grid, virtualized, and cloud computing in addressing COVID-19 pandemic **142**
Les Mark Sztandera

Traumatised refugee children and youth at school: Resources and conditions of success **147**
Ewald Kiel, Verena Scheuerer, & Sabine Weiss

Micro-credentials – improvement or fragmentation in higher education? **152**
Siniša Kušić, Sofija Vrcelj, & Anita Zovko

Student-centered projects: Rural high school students leading projects in technology, identity, and social justice **157**
Sabrina De Los Santos Rodríguez, Anya Carbonell, Michael Cassidy, & Maria Ong

Choose your problems! A flexible learning methodology for engineering students based on PBL+ **162**
Beatriz Urbano, Xiomar Gómez, Marta-Elena Sánchez, Raúl Mateos, Noemí Ortíz-Liébana, Camino Fernández, Elia-Judith Martínez, Olegario Martínez-Morán, Antonio Morán, & Fernando González-Andrés

A quality assurance framework for OERs based on quality seals and the Photodentro seals repository **167**
Elina Megalou, Kostis Alexandris, Eugenia Oikonomidou, & Christos Kaklamanis

The game of learning! Approaching ecosystems through board game design **172**
Luana Silveri

Promoting teachers' intercultural competences for teaching in the diverse classroom **177**
Krista Uibu, & Eda Tagamets

Learning by drawing. A conversation on hand drawing when education is going digital **182**
Flora Gaetani, & Valentina Vezzani

Organizational Issues

A practice perspective on doctoral education – employer, policy, and industry views **187**
Niamh Leniston, Joseph Coughlan, Tara Cusack, & Nicola Mountford

Expanding the role of universities to promote social and economic development of the territory: A new management paradigm at Rio de Janeiro State University **192**
Tatiane Alves Baptista, & Claudia Gonçalves Lima

Relationship between school climate and South African grade 9 learner achievement in mathematics and science **196**
Marien Alet Graham

***CONECTA*: A virtual showcase for solving problems requiring knowledge and technology** **201**
Tatiane Alves Baptista, & Claudia Gonçalves Lima

The postpandemic revitalization of a minority serving institution through structural and operational organizational changes **205**
Ana Gil Garcia, Jennifer Talley, Judith Yturriago, & Rafael Torres

Finnish early childhood education and care leaders' perceptions of their role in supporting staff's well-being **210**
Tiina Kuutti, Nina Sajaniemi, & Piia Maria Björn

Pedagogy and governance: A perfect match **215**
Ann Gow, & Jenny Hutcheson

Correlations between governmental financial contributions to education and the autonomy of alternative schools in Hungary **220**
Judit Langer-Buchwald, & Zsolt Langer

POSTERS

Projects and Trends

Implementation of an objective structured clinical examination (OSCE) in a kinesiology bachelor degree **225**
Sarah-Caroline Poitras, Sara Bélanger, Philippe Corbeil, Andréane Lambert-Roy, & Adrien Cantat

Pandemic impact on the cognitive-linguistic skills of 1st and 2nd grade Brazilian schoolchildren **228**
Caroline Fernandes Brasil, Mariana Taborda Stolf, & Simone Aparecida Capellini

Methods to improve the quality of design CAD teaching for technical specialist **231**
Olga Ovtšarenko, & Agu Eensaar

Relationship between oral reading fluency measures and visual attention span in Brazilian's schoolchildren in pandemic context **234**
Lavínia Micaela Moreira, Ana Karolina Silva Deolindo, Giseli Donadon Germano, & Simone Aparecida Capellini

Outcomes of slam writing workshops for Haitian students at the end of elementary school **237**
Chantal Ouellet, Amal Boultif, & Pierre Jonas Romain

The powerful and controversial strategy of using students' first language knowledge in foreign language teaching **240**
Alexandra-Monica Toma

'Kids these days!' A meta-analysis of changes of attention problems in representative samples of children **243**
Boglarka Vekety, Alexander Logemann, John Protzko, & Zsofia K. Takacs

Integrated model of mathematics problem solving adapted to a student with Autism Spectrum Disorder **246**
Ana Caballero-Carrasco, Lina Melo-Niño, Luis Manuel Soto-Ardila, & Luis Maya-Jaramillo

Mixed reality tools for education in the metaverse **249**
Gheorghe Daniel Voinea, Răzvan Gabriel Boboc, & Csaba Antonya

Didactics for statistical development in primary education **252**
Luis Maya-Jaramillo, & Ana Caballero-Carrasco

Organizational Issues

Training of education professionals within the framework of the Sustainable Development Goals (SDG) **255**
M. Pilar Martínez-Agut, & Anna Monzó-Martínez

Training in open science for PhD students: The students' perspective **258**
Denise McGrath, Eleni G. Makri, Tara Cusack, & Nicola Mountford

Initial training of teachers of sociocultural services and the community: Street art and sustainable development goals (ODS) **261**
M. Pilar Martínez-Agut, & Anna Monzó-Martínez

Employing whiteness as property: Leadership in higher education and the signaling diversity when you are white **264**
Minerva S. Chávez

VIRTUAL PRESENTATIONS

Projects and Trends

Educating for modern cloud technologies in a platform-agnostic fashion **269**
David Cutting, Andrew McDowell, Esha Barlaskar, Neil Anderson, Moira Watson, & Matthew Collins

Research girls – a joint project of the Technical University of Dortmund and the Otto- Friedrich- University of Bamberg, Germany **274**
Stephanie Spanu

Academic and social challenges encountered by Iranian students in Finland: A phenomenographic study **279**
Zahra Hosseini

Knowledge nuggets instructional design V2.0 and testing strategy **284**
Christian Ploder, Christoph Hazy, Laura Gamper, & Lisa Ehrhardt

Teaching English language and culture through PBL at the tertiary level **289**
Madalina Armie, María Enriqueta Cortés de los Ríos, María del Mar Sánchez Pérez, & Nuria del Mar Torres López

Elaboration of an interactive electronic book of measures of central tendency **294**
Miguel Pineda, Omar García, Armando Aguilar, & Frida León

From face to face to remote learning: A primary education teaching scenario in digital class **299**
Aikaterini Goltsiou, & Chrysa Sofianopoulou

Saropas: A competency-based performance task design model **304**
Hsiu-Lien Lu, & Daniel Chia-En Teng

Education-to-go in the future in developing countries? **308**
Nicolas Dominguez-Vergara, Daniel Nicolas Dominguez-Perez, & Adriana Berenice Dominguez-Perez

Utilising ICT to address language challenges in life sciences classrooms **313**
Melody Nomthandazo Tshabalala, & Lydia Mavuru

"Material demo lab" process - training process for business model & design methods for material scientists **318**
Jasmin Schöne, Florian Sägebrecht, Lenard Opeskin, Anne-Katrin Leopold, Jens Krzywinski, Stefan Schwurack, Martin Kunath, & Peter Schmiedgen

Fostering the development of 21st century competencies through technology in young children: Perceptions of early childhood educators **323**
Ayodele Abosede Ogegbo, & Adebunmi Yetunde Aina

A tentative proposal for inclusivity education training for Japanese school teachers based on the needs of migrants and returnees **328**
Julian Chapple

Use of research evidence to improve teaching practices. Results from Catalonia (Spain) **333**
Anna Díaz-Vicario, Cecilia Inés Suárez, Georgeta Ion, & Saida López

Towards an eclectic approach in Autism Spectrum Disorder (ASD)-SMARTs (Sequential Multiple Assignment Randomized Trials-SMARTs) **338**
Carolina Bodea Haţegan, Dorina Talaş, & Raluca Trifu

Technology in teaching and learning in Romania **343**
Florentina Alina Pîrvu

The sensory processing and integration in ASD: Impact on educational outcomes **348**
Raluca Trifu, Carolina Bodea Haţegan, Dorina Talaş, & Tania Tuşe

The impacts of mentorship on dual enrollment high school students **353**
Dave Young, Bill Young, Lisa Young, & Bing Wei

Extending natural sciences learning in pre-service teacher education using augmented reality-enhanced inquiry **358**
Mafor Penn, & Umesh Ramnarain

The impact of the COVID pandemic on online education for diverse English language learners **363**
Diane Boothe

Digital education in higher education institutions in Portugal and Brazil – challenges and transformations **367**
Ana Carvalho, Luísa Cerdeira, & Tomás Patrocínio

Science teachers' perceptions on using mobile-based formative assessment for inquiry-based teaching: Benefits and constraints **371**
Noluthando Mdlalose, Umesh Ramnarain, & Mafor Penn

Personal experiences and suggestions for creating highly attractive MOOCs about artificial intelligence **376**
Xing Zhou, Xin Xu, Qiang Fang, Haibin Xie, Xinglong Zhang, & Yujun Zeng

Data-driven differentiation **381**
Jussi-Pekka Järvinen, Einari Kurvinen, & Erkki Kaila

Intelligent tutor using peripheral artificial intelligence: Opportunities and limits **386**
Clément Aubeuf

Artificial intelligence in education – where are we now? **391**
Einari Kurvinen, Jussi-Pekka Järvinen, & Erkki Kaila

Creativity, culture, and construction: Bringing design thinking to indigenous preschools **396**
Bradyn Mills, & Paul Lane

Young children and screen-time: Spanish research gap and future investigations proposals **401**
Ana Lucia Conde Gómez, Ignasi de Bofarull Torrents, & María Cerrato Lara

Research on online programming educational tool: Case study on a three-in-one environment **406**
Yu-Wen Pu, Po-Hsun Cheng, & Li-Wei Chen

Investigating self-determination aspects in students with vision disability through dramatic play **411**
Paraskevas Thymakis, & Vassilios Argyropoulos

Opinions of future teachers on competencies for working with students with developmental disabilities **416**
Esmeralda Sunko, & Andriana Marušić

+YOU: Ask yourself, act and make it possible! Phereclos project: A local education cluster at Porto, Portugal **421**
Vitor Silva, & Clara Vasconcelos

Organizational Issues

A pedagogical approach for socio-cultural inclusion: A study on immigrant entrepreneurs in Finland **426**
Zahra Hosseini, & Kimmo Hytönen

How meaningful work and sources of meaning changed during the pandemic: An exploratory study **431**
Francesco Tommasi, Andrea Ceschi, Riccardo Sartori, Giorgia Giusto, Sofia Morandini, Beniamino Caputo, & Marija Gostimir

A narrative inquiry into the solidarity experienced by Myanmar students in Korea **436**
Kim Hyemi, & Kim Youngsoon

A study on development of Korean national policies focused on multicultural youth's mental health **441**
Youngsub Oh

Professional practices of school social workers in promoting equity in times of COVID 19 pandemic **446**
Sidalina Almeida

The impact of the pandemic on social-emotional life of young adults: An exploratory study **451**
Varvara Vamvoura, Lekothea Kartasidou, Georgia Diamantopoulou, & Eleni Kyriakidou

Reconfiguring & reshaping work integrated learning (WIL) for employability beyond COVID **456**
Naziema Jappie

School leadership during COVID-19: Emotionally intelligent crisis management **461**
Stella Jackman-Ryan, Lisa Bass, Mario Jackson, Kirsten Hoeflaken, & Jose Picart

Digital transformation of Universidade de São Paulo: From face-to-face to virtual lesson **466**
Regina Silveira, Rodrigo Moreira, & Edmund Baracat

Intentional school leadership in uncertain times **471**
Janice Filer

WORKSHOPS

Projects and Trends

Capoeira's contribution to ethnic, cultural and educational issues **477**
Thiago Vieira de Souza

AUTHOR INDEX **481**
