

22nd Annual Congress
of the European Association for Accident Research and Analysis

17-19 October 2013
Florence - Italy

CALL FOR PAPERS

The 22nd Annual Congress 2013 will be held in Florence and EVU Italia will be in charge of organising it. There is no need to introduce Florence as it is one of the most famous tourist places in the world with so many European and world visitors every day. Such an important gathering is a great commitment for the European reconstruction experts and therefore we will certainly focus on technical and scientific contents but, at the same time, we will not forget taking care of our guests by offering the most enjoyable aspects such as culture, sights and the typical cuisine of our region. This is also part of the organisers' commitment.

The event will be held from the 17th to 19th of October 2013 in in the city centre of Florence.

The organizers and EVU Board have agreed that **Accidents of two wheel vehicles (reconstruction and safety) and Humans factors in road accidents (also in relation with active safety systems)** will be the leading topics. Therefore, EVU would like to encourage everybody who wishes to support this conference to submit a paper. Interesting new aspects on the use of **Event Data Recorders in the field of accident reconstructions** will also be very welcome.

We will also welcome papers for the "**Open Forum**" sessions, where authors can present the results of their latest achievements. This conference will be the best occasion for publishing these results.

The presentations will be translated simultaneously into English, German and Italian. As usual, an award for the best presentation will be made at the end of the conference.

In Florence you will be able to find rooms in many different hotels which are within walking distance of the Conference site. The organisers will provide a cultural program for accompanying people, and a Gala dinner will be organised which will be held **in a fascinating Florentine Villa**.

As the president of the organising committee I would like to invite authors to submit an abstract in English only following the format described on the EVU web page.

You need to upload your abstract on www.evuitalia.eu before **January 31st, 2013**. You will also find the link under: www.evuonline.org. Please register and then upload your abstract.

The authors of the chosen papers (selected by **March 23th, 2013**) will be informed by the organisers and asked to deliver the full text in English (and in German and Italian for German and Italian speaking authors), not later than **May 15th, 2013**.

Papers need to follow the format which will be sent to the authors.

EVU Scientific Board will arrange for the full text of papers to be reviewed and, if necessary, proofread before the conference.

The authors of the selected papers will be exempt from the conference registration fee and will be entered into the competition for the best presentation.

Looking forward to seeing you in Florence

Dr. Virginio Rivano O.E.O. of EVU Italia
