Urban planning concept

1. RIVER PARK AND DWELLINGS WITH GLASSHOUSES /

2. LINEAR PARK /

2. FARMER'S MARKET / URBAN GARDENS /

Development of the masterplan in times and sequences:

1. Public axis, linear public space, slow paths and green areas, new station and gateway to the city.
2. New residential areas, most private and experimental housing
3. Central vegetable market, and spontaneous regeneration of urban tissue with local markets for urban garden
